### Screen Share View

Full screen	Scaled-down
	

### Video display during the sharing screen

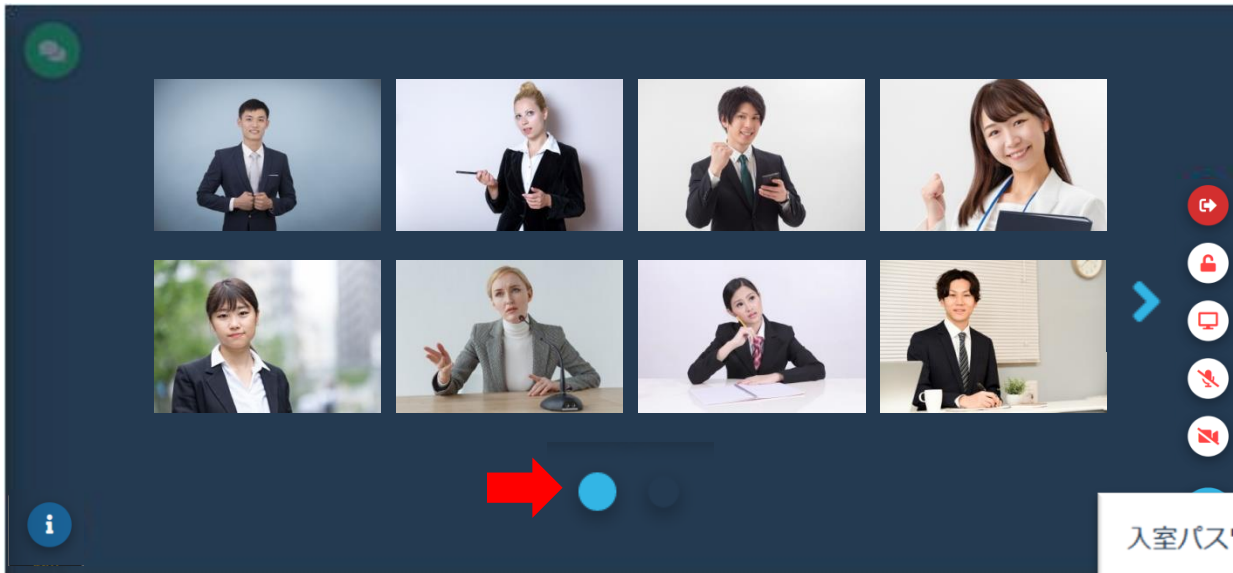

OFF	ON
	

## Number of people displayed

Waaarp displays up to 8 people on one screen.

Switch screens with the icon at the bottom of the screen so that 8 people or more are visible on the second screen and beyond.

The first screen shows your video on the top left, the speaker also appears on the first screen.

We will guide you to set a password when you enter the room.

### POINT

Set a password when everyone is ready.

A password is required to leave and re-enter the room.

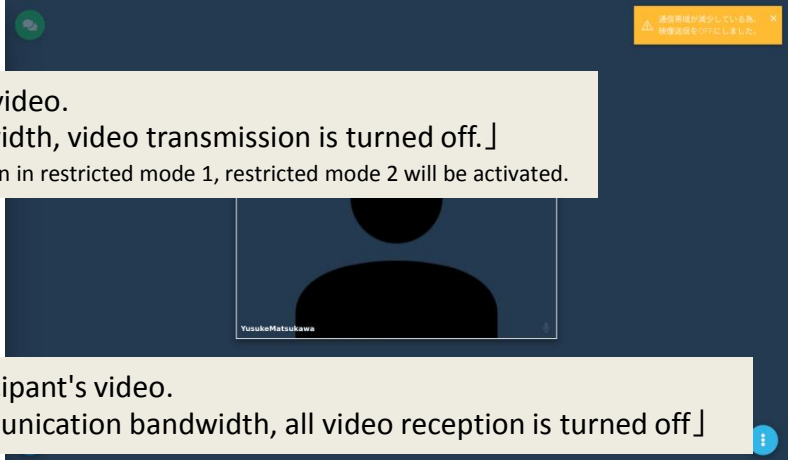

After setting the password, please share it with the participants by chat etc.

## Even if the communication status is bad, the two-step restriction mode will be activated and the conference will not be stopped.

Prevents video freezing or audio choppiness when tethering or poor wifi conditions are present.  
 During the restricted mode, video transmission or reception is stopped and communication is maintained.  
 You can continue to use voice, screen sharing, and chat.

The current status is displayed in the upper right corner of the screen.

**Restriction mode 1**

Stops sending your own video.  
 「Due to reduced bandwidth, video transmission is turned off.」  
 ※If communication is severe even in restricted mode 1, restricted mode 2 will be activated.

**Restriction mode 2**

Stops receiving the participant's video.  
 「Due to reduced communication bandwidth, all video reception is turned off」

**Release of restricted mode**

You can manually remove the restriction 1 minute after the restriction mode is activated.  
 「It is now possible to remove the restricted mode.」  
 It can be removed with the button  of the control button.

If the communication status is poor, the restricted mode will be activated again.  
 ※The camera ON / OFF button is hidden during the restricted mode.

**Notification 1:** 通信帯域が減少している為、映像送信をOFFにしました。  
 Display immediately after restriction

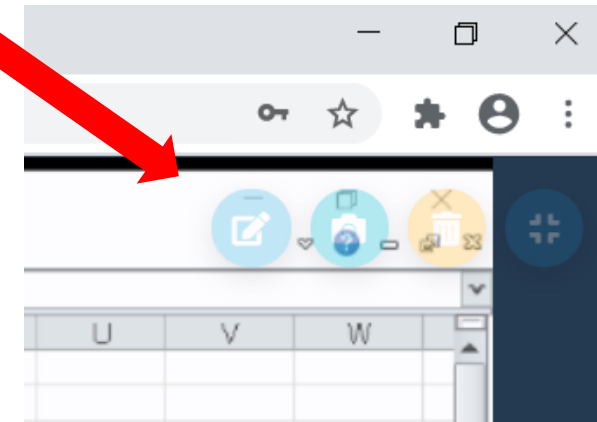

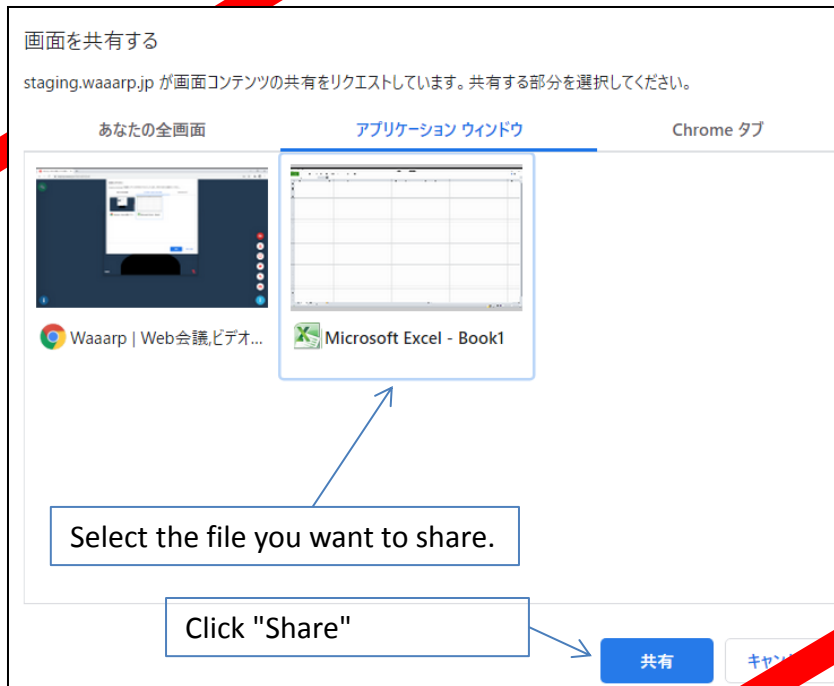

**Notification 2:** 通信帯域が減少している為、映像送信を制限しています。  
 Restriction mode

**Notification 3:** 制限モードの解除が可能になりました。  
 Display that the restriction can be released

## White board

※The whiteboard is an additional function of "Document sharing", so

- ① Select the file to share from the document sharing icon
- ② An icon will appear in the upper right corner of the screen

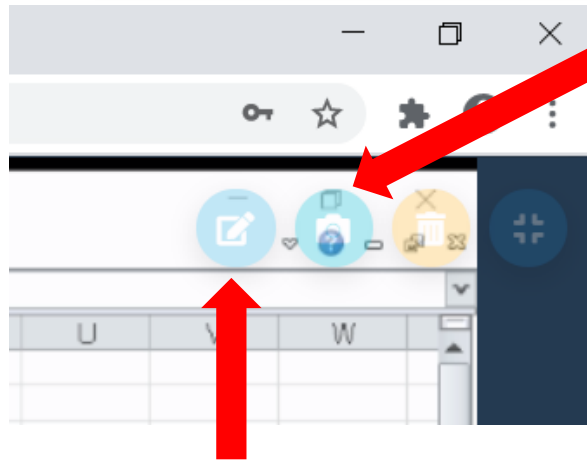

※Recommendations  
When sharing PowerPoint documents

- ① Slide show
- ② Slideshow settings
- ③ Select "Browse as Attendee"

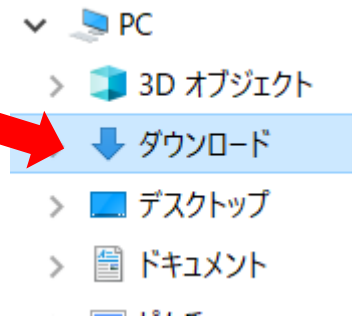

⇒ Make a slide show, return to the Waaarp screen, and use the whiteboard .

## Drawing Tool

Save the contents of the board.

Select "Pen", choose a color and font size, and click OK

## Minutes Tools

※ You can share the minutes with the participants during the meeting.  
 Note ① : Basically, try to have one of the conference participants create it.  
 Note ② : Be sure to press "Send" at regular intervals to save it.  
 If multiple people write at the same time,  
 the contents before "Send" may be lost.

※ When you leave, you can choose to save.
